

Dear Mayor Paul, I would do lots of things if i were mayor. First, i would build a diner and all the food is free for all of the homeless people in Lakewood. Next, and it kind of relates to my first idea what if I could get all the homeless dog and animals in Lakewood and create a shelters for the animals and they good get bathed and feed and if they have injuries they good be nursed. Last, I want all the people and dog in Lakewood to have shelters or food. As you can see I would make big changes in Lakewood.
