

# City of Lakewood

## SUSTAINABILITY AWARDS

2010

ECO-EMPLOYEE AWARD

**Sharon Blackstock**

**Sharon Blackstock** is responsible for the single-stream recycling awareness and collection for the Civic Center, Public Safety Center, four Recreation Centers, and three other City facilities. Additionally, Sharon coordinates and oversees the shredding of confidential documents and media through the civic center.

The positive impact to sustainability at Lakewood facilities resulting from these programs includes the recycling of an estimated 100 tons of materials each year through single-stream recycling and saving 196 trees through the shredding program.

Sharon is currently an active member of the Employees' Committee for a Sustainable Lakewood and is actively planning for future expansion of the recycling program, including ways to increase employee participation.

### Project Achievement Area

- Climate Change & Energy Conservation
- Preservation of Ecology & Biodiversity
- Waste Reduction & Recycling
