

# City of Lakewood Sustainability Award 2009 Eco-Employee

## Jody Morse

Park Naturalist, Regional Parks and Golf

### Sustainability

"creating balance among the environment, the economy and society to ensure that we do not compromise the quality of life for future generations."

- Lakewood's  
Comprehensive Plan

Over the course of her 14 years as the Regional Parks and Golf Naturalist, Jody has developed and implemented environmental initiatives that have contributed to the ecological health and long-term sustainability of Lakewood's regional parks. In her role as an environmental educator, Jody has shared her commitment to the environment with residents of all ages and backgrounds, and as a result has contributed in the development of countless advocates for the environment and community sustainability in the City of Lakewood.

The City of Lakewood is proud to recognize  
Jody Morse as a  
2009 Eco-Employee Award Recipient.

## Christina Rotella

Business Support Specialist, Community Planning and Development

Christina's commitment to the environment is demonstrated by her choices at work and at home. Christina facilitated her department's switch to a filtration water system, allowing employees and guests to utilize reusable pitchers and bottles and preventing the purchase and discard of more than 120 disposable bottles of water per month. Christina has worked to expand her departments commitment to recycling. She commutes to work on bicycle once a week when the weather permits and is currently advocating for the implementation of organic waste recycling and vermiculture for the department's kitchen.

The City of Lakewood is proud to recognize  
Christina Rotella as a  
2009 Eco-Employee Award Recipient.
