COMMUNITY SUSTAINABILITY AWARD

## The Greening Lakewood Business Partnership

**The Greening Lakewood Business Partnership** is a first-of-its-kind citywide energy efficiency partnership that provides hands-on education and job development. Students, trained professionals, and volunteers from local organizations work directly with eligible property owners to calculate the costs and benefits of energy efficiency retrofits. More than 1,300 buildings with a total of 26 million square feet of commercial space are eligible to participate in the program.

### **Founding Partners include:**

Alameda Corridor Business Improvement District  
Alameda Gateway Community Association  
Red Rocks Community College  
Veterans Green Jobs  
Better Business Bureau  
Jefferson County Workforce Center

### Project Achievement Area

- Climate Change
- Preservation of Ecology & Biodiversity
- Green Design
- Waste Reduction & Recycling
- Community Engagement
